

Valade Shines on National Scene

AMQUI, Tuesday July 11, 2023. Loïa Valade, a 15-year-old footballer from the Matapédia Valley, received the “Most Valuable Offensive Player of the Match” trophy, following his 72-yard run scoring the winning touchdown for Team Quebec, this Saturday, July 08, 2023, against Ontario, in the Canada Eastern Challenge 2023.

Several hundred players under the age of 16 from all over the province participated this spring in the four selection phases organized by Football Quebec to represent us across Canada during the summer. Valade was the only youngster from Bas Saint-Laurent/Gaspésie to earn a place among the top 40 Quebec players.

The Matapedien athlete played football at the Mistral Mont-Joli from September 2020 until last December and is now part of the Condors of the SJE Juvenile D1, the strongest league in Quebec. The teenager had to move abroad to pursue his highschool studies in order to achieve his sports career goals.
